

# NGUYEN PHUC THINH

---

District 7, HCMC • 📞 (+84) 971221156 • [thinhp33@gmail.com](mailto:thinhp33@gmail.com) • [LinkedIn](#) • [Portfolio Website](#)

## EXPERIENCE

**MINDX TECHNOLOGY SCHOOL**  
**Coding Instructor**

*Phu My Hung, District 7*  
*Oct 2023 - Present*

- Conducted web programming classes for high school students, focusing on HTML, CSS, and JavaScript.
- Taught Python for data structures and algorithms, emphasizing problem-solving techniques and computational thinking.
- Provided individual support and feedback to help students improve their coding skills.

## PROJECT

**PORTFOLIO WEBSITE**

*July 2024*

Github link: [Portfolio](#) — Demo link: [Portfolio](#)

**POS SITE FOR SELLING AND MANAGING PHONES**

*Oct 2023 - Jan 2024*

*Full-stack developer*

- Developed a full-featured POS (Point of Sale) system for managing phone sales using React.js for the front-end, and MongoDB for the database.
- Implemented key functionalities including employee and phone management using Node.js.
- Designed and developed a user-friendly interface with Bootstrap and JavaScript.
- Deployed the application using Vercel for seamless access and scalability.

**MOVIE STREAMING WEBSITE**

*Mar 2022 - May 2022*

*Full-stack developer*

- Developed a movie streaming website using PHP for server-side scripting and CSS for styling.
- Implemented features including watching movies, viewing trailers, and rating movies.
- Managed movie data using phpMyAdmin, storing details like title, release year, thumbnail, director, and YouTube trailer link.
- Designed a user-friendly interface for browsing and interacting with movie content.
- Deployed the application on 000webhost for online access.
